## **Russian Partners, *OOO Axioma*, Celebrate 10 Year partnership with Axiom Worldwide and Integrity Life Sciences**

**Tampa, FL, USA, DECEMBER 5th, 2015:** Today in Moscow, *OOO Axioma* celebrated their 10 year history in partnership with Axiom Worldwide, INC, and Integrity Life Sciences. The news comes on the eve of *OOO Axioma* presenting at the 2015 Scientific Session sponsored by the “National Academy of Active Longevity” and the Russian Health Care Week.

The DRX9000 by Axiom Worldwide and the ISCS by Integrity Life Sciences were both on display in Moscow for this important event that is heavily attended by Ministers of the Russian Federation, scientific academies and private hospitals and clinics from nearly 40 countries in the region.

Integrity Life Sciences delivers a multitude of orthotic treatment options to address one of the most costly systemic ailments in the world, chronic low back and neck pain. Our advanced solution begins with the *Integrity Spinal Care System (ISCS)*™ and its proprietary *iELCiPS Technology*™. The ISCS non-surgical spinal decompression modality systems are engineered to provide pain relief for compressive and degenerative conditions of the spine. Specifically, conditions that may be treated include: neck pain and back pain associated with herniated discs, protruding discs, degenerative disc disease, posterior facet syndrome, and sciatica. It achieves these effects through decompression of intervertebral discs, that is, unloading due to distraction and positioning.

As a compliment to the ISCS, Integrity offers the very effective *Integrity Gel Support Brace*™. Our advanced lumbar support brace is a fitting compliment to non-surgical spinal decompression therapy and was designed as an adjunct therapy for those suffering from back pain due to disc related conditions. The Integrity Gel Support Brace may be used with or without Integrity's non-surgical spinal decompression systems and is an excellent treatment option for the patient to use at home.

In addition, Integrity Life Sciences has been exclusively granted the use of all of the technology, products, US Patent and Trademark Office’s assignments, logos and other forms of intellectual property that were created by *Axiom Worldwide, INC* under the leadership of Jim Gibson from Tampa, Florida. The agreement specifically includes the flagship product DRX9000™, its family of products, and all of its derivatives such as the DRX9000C. Integrity offers support for these products, which includes: sales, maintenance services, and repairs. Only Integrity Life Sciences is Registered with the US FDA as a Factory Authorized - Contract Manufacturer - for Axiom Worldwide and the *DRX9000 True Non-Surgical Spinal Decompression Systems*™

James Gibson, President of *Integrity Life Sciences* states "*Our partners, in over 50 countries and territories, have the unique opportunity to present a cutting edge medical device, utilizing a clinically validated protocol that restores a patient's quality of life non-surgically and without pharmaceutical or invasive intervention*".
